

## Sharing the Camp Waiver & Release with Parents

Here are three different approaches to sharing the Camp Waiver & Release link with your parents.

1. Hold a meeting for all parents whose children are attending camp and your adult sponsors. Ask parents and adult sponsors to bring a computer with them. Have other computers available. Share the link and your registration ID # and give parents time to complete the form at that meeting.

**OR**

2. Share the link and your registration ID # with your parents and adult sponsors in an email.

**OR**

3. Direct parents to the Parent Info tab of Group Leader Information where they can access the link themselves. Be sure to give parents your registration ID #.
